Re: Docket No 98N-1265

To Whom It May Concern:

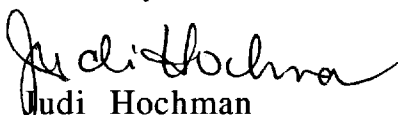

I am requesting that the MOU **not be legislated**. It is important that pharmacies have the right to practice compounding drugs. There are many alternative drugs that are compounded by pharmacies that are very **healthy** and very **helpful** to individuals.

I am concerned that the MOU is written in such a way to severely **limit** the practice and interstate distribution of compounded drugs.

I need the more specialized treatment of natural ingredients that compounded drugs offer. There is no substitution.

Please do not pass this.

Thank you.
